

"Making Life Easier for You"

DECK COLOR SELECTION FORM

Customer Name: _____

Please fill out the chart below as applicable to your contract and mail back to us in the enclosed envelope. Color selection for your horizontal deck boards can be selected from the Rymar color-chart. We recommend that you not select a Semi-Solid color from the chart. Those colors do not allow the grain of the wood to show thru therefore covering up the beauty of the wood. Semi-Solid are also film building which can unfortunately peel. If you should have any questions, please do not hesitate to call we will be glad to lend a hand.

Our color selection services include:

- Two 3x9" draw down cards for each color for your approval and initials (each additional is \$10)
- Quart samples for each color provided (each additional \$15 per quart)
- **"Matching Existing Colors:** Due to fading & aging of existing coatings we will match the color as close as possible the initial time, each additional requested sample will require an up charge of \$15 per sample.
- Custom color mixing (\$55 per hour, plus materials) – When the color you choose needs a slight adjustment
- Applying sample colors to any surface (\$55 per hour)
- Professional color & design consultation (\$150 for the first two hours)
